

- Application:** pump drive for plastering machine
- Requirements:** replacement of spur geabox with a planetary gearbox  
better performance characteristics
- Specials:** minimal construction space required  
high start-up torque  
connection to 230V current

**Technical Data:**

model:	planetary gearbox, 1-stage
motor:	2,2 kW AC-Motor 230V / 50Hz / 4-polig
ratio:	i = 5,3
operating mode:	100% ED
max. torque:	90 Nm (max.)
